Based on supplier warranties and internal controls, the member can source recycled gold and recycled silver as requested for a specific requirement, batches or as required.

---

AUDITOR STATEMENT OF  
CONFORMANCE

Based on the scope and findings of the certification audit, the member has demonstrated a conformance level consistent with a:

3 Year Certification

---

NEXT AUDIT TYPE

MID-TERM REVIEW (within 12-24 months):

**A. Mid-term review NOT required due to:**

No anticipated changes to the certification scope during the certification period

3 or less minor non-conformances with critical provisions or in general identified by the audit (not covered by parallel audits for schemes identified as equivalent to RJC's) for an individual member in the mining sector or a non-mining sector member

<25 full time equivalent personnel

Low risk of non-conformances due to management controls

Existence of parallel audits for schemes recognised by RJC

Strong internal controls ensuring effective review and closure of corrective actions for non-conformances

---

**B. Mid-term review (desktop only) required due to:**

No impact on conformance levels from any changes to the certification scope

5 or less minor non-conformances with critical provisions or in general identified by the audit (not covered by parallel audits for schemes identified as equivalent to RJC's) for an individual member in the mining sector or a non-mining sector member

Possibility of remote verification of actions

No risk to critical provisions

---

- 
- C. Mid-term review (with a site visit) required due to:
  - Known and anticipated changes to the certification scope during the certification period
  - Member no longer supporting external standards and initiatives recognised by RJC
  - 6 or more minor non-conformances with critical provisions or in general identified by the audit (not covered by parallel audits for schemes identified as equivalent to RJC's) for an individual member in the mining sector or a non-mining sector member
  - New systems and controls for critical provisions that could not be tested at the certification audit
  - Need to test new systems and controls ensuring respect for critical provisions
  - Facilities with risk of non-conformances with critical provisions
  - Other reasons presented by the lead auditor necessitating an onsite verification

---
